County Comments

Add hours/description to hover text on drop box location map on MyVote

Janielle/CR – some addresses in the northern territories of Canada work like European addresses; Dolores/KP – make sure it's thoroughly tested

CR – Registrants should be able to differentiate unit types

Do not disallow alpha characters in house number

Janielle/CR – Registrant entered PO Box for residence; tried to put pend code for lack of residence address – asked for reason (never done that before for new records)

Underlined means on call.

(entered "8 – invalid address"). DIMS – shouldn't do that for news; made changes in 8.13.6

Angie/KI – Ballot pref coming weekly?

Noy/PA – Can DFM add a field to reject registrations from non-citizens. John/DFM – can pick a reason code for rejection; should be able to add non-citizen to list of reasons.

All/Votec, DFM – No problems importing unit #'s, no unit types are a particular problem
