VENDOR UPDATE

DIMS

- Lisa – Put out 9.0 a couple weeks ago for CA; working on refining there. Pierce will work on testing for WA.
- Working with KI on testing agency-based registrations – will require DXI upgrade to send new codes back up to VRDB
- Will be some work on county side to run scripts to accept new codes

County Comments

- Jacob/KI – What will be tracked with the new registration method codes? Just new, or also updates? Nick/EIS – not making changes to county processes at this point; definitely tracking news and transfers; updates will depend on count practice.

Underlined means on call.
